Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 06 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers in the south but drier further north.

This Evening and Tonight:
Largely cloudy across the region with outbreaks of rain in some southern areas, heavy at times. Mostly dry in the north with some clear spells. Winds easing overnight. Minimum temperature 11 deg C (52 deg F).

Wednesday:
Damp across the south with rain or showers through the morning, but a drier and brighter start across Cumbria. Fine and dry in the afternoon with the odd shower possible. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
A mix of sunny spells and daytime showers through the outlook. Showers mostly light on Thursday and Friday. A risk of some heavy showers again by Saturday.
